Comprehensive Personal Protective Equipment

goSafe is a complete source of PPE solutions and is stocked and equipped for just-in-time delivery of all your PPE needs, including hard hats, gloves, safety eyewear, hi-vis clothing, FR clothing, boots & shoes, instrumentation, fall protection, medical, first aid, pandemic preparedness, and more.

Customization: Put Your Name On It!

goSafe has a complete in-house customization department specializing in embroidery, 6-color screen printing, reflective striping, digital transfers, & pad printing. We are equipped to customize hard hats, bump caps, safety vests, garments, safety eyewear, safety awards, gear bags, and much more.

Repair, Recertification, & Rental

goSafe is an authorized repair center for fall protection and instrumentation from a variety of brands including Reliance Fall Protection, Miller, Rkl Instruments, Honeywell, Industrial Scientific, and BW Technologies. We repair everything in-house for quick turnarounds. Need equipment in the short term? We also offer rental for fall protection and instrumentation.

National Account Services

We help you provide the best safety gear to your workers at discounted rates, plus online e-commerce self-service for easier purchasing. We'll work with you to keep track of workers' and worksite's equipment, manage spending, and help you keep up to date on safety regulations so you're always up to code and always getting the right gear for the job.

Made-In-Texas, Industry-Leading Fall Protection

Thanks to our partnership and proximity with Reliance Fall Protection, our customers gain quick access to a full line of the highest quality fall protection on the market, including harnesses, lanyards, anchorages, horizontal systems, self retracting lifelines and more. Reliance is known for providing solutions for the most difficult fall protection scenarios.
